

# Help sponsor our FIRST Robotics Competition Team

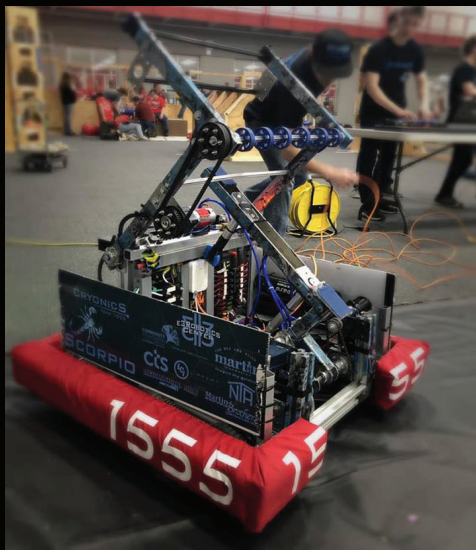

Cryonics is a FIRST Robotics Competition team part of the E3 Robotics Center 501(c)(3) Non-Profit. As a team of students in 9th-12th grade we compete against teams world wide. We learn machines mechanics, programming, critical thinking and problem solving skills as we construct a robot made from metal and raw material parts. During the season we give back to our community by doing outreach events that promote STEM programs within our area.

Each year our team spends approximately \$50,000. This money goes to pay for our Team Registration Fee, Robot Materials, Tournament Registration, Travel, Team Apparel and materials that we use for presentations and projects.

If we raise more money than needed in one season, Cryonics will be able to expand further during off-season helping more students K-12 get started within the robotics programs, and plan more community events that encourage STEM learning in our community.

## How "Cool Is Your Sponsorship

**\$500+ 0° C (Water Freezes)**

- Name listed on Website and Social Media Thank you

**\$1000+ -40° C (°F & °C are equal)**

- Thank you, Listed on Website, Name on Banner

**\$2000+ -55° C (Frostbite)**

- Thank you, Listed on Website, Name on Banner, Robot and Shirt

**\$5000+ -196° C (CryoFrozen)**

- Thank you, Listed on Website, Logo on Banner, Robot and Shirt

**\$10,000+ -273° C (Absolute Zero)**

- Thank you, Listed on Website, Large Logo on Banner, Robot and Shirt
